## Engineers Week Banquet 2025: SPONSOR FACT SHEET

One of few Engineering Councils in the United States<sup>1</sup>, the Silicon Valley Engineering Council (SVEC) was founded in 1989 as a not-for-profit educational 501(c)(3) organization by several engineering professional organizations. Its purpose has been to serve its member engineering and technical organizations in Silicon Valley and provide outreach to education and the community. We need your help with the annual 2025 Engineers Week Banquet where Hall of Fame Inductees and the Keeper of the Flame, Discover E, and Education Awards recipients are recognized.

This year, the banquet will be held again at the Delta by Marriott in Santa Clara/Silicon Valley on February 18, 2025. We are seeking sponsors from member organizations and Silicon Valley companies.
